

# AUCKLAND RUGBY LEAGUE INC. FOOTBALL COMMITTEE

## MEMO TO ALL CLUBS & AFFILIATES

MEMO: 14/01

31 JANUARY 2014

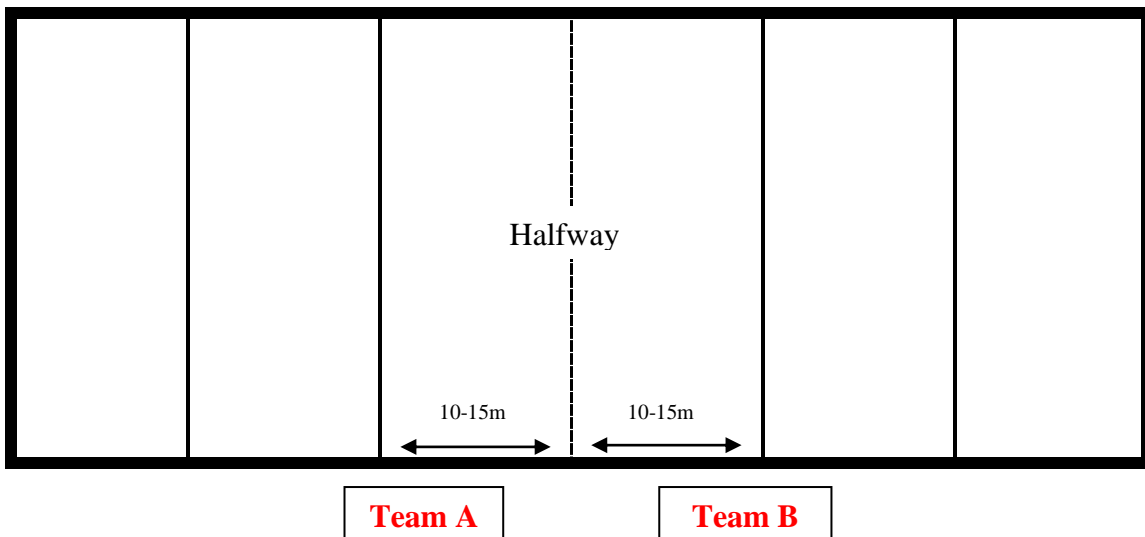

**RE: TEAM SIDELINE PLACEMENT – U12/13 RESTRICTED TO PREMIER 2<sup>ND</sup> GRADES  
(including Women’s Grade)**

Following the review of sideline issues presented at the November Conference of Clubs and the pending implementation of the “Be a sport, Just Support” programme and new judicial structure for 2014, the following team sideline placement will become mandatory policy from the 2014 season.

1. Teams and their respective team officials and reserves are to be on the same side of the field positioned 10-15 metres either side of half-way.
2. To determine which side of the field, the respective team managers are to consult to determine prior to the commencement of the game.
3. Failure by a team to comply will result in the game not commencing until compliance and any time delay will result in the referee playing the delayed time short to reflect.

This will also enable better monitoring by the referees and respective team management’s with replacement or interchange of players relevant to that grades rules.

To assist your team management below is a diagram on team placement.
